

Anti Nazi League

CAMPAIGN AGAINST THE NAZIS TOMORROW

Two of the three Nazi councillors in Burnley are up for re-election next Thursday. BNP führer, Nick Griffin, is standing in Oldham, where the Nazis were 90 votes short of winning a seat last year.

These towns have been devastated by the race riots sparked by the Nazis two years ago. They have continued to be marred by racist violence and division. We have to take to the streets to stop the Nazis growing.

The majority of people in Oldham and Burnley did not vote for the BNP, but apathy and demoralisation will help the Nazis. We have to use our vote and swamp the Nazis.

Join the mass leafletings and get an anti-Nazi message into every home, urging people to get out and vote and to send the Nazis back to the gutter, where they belong.

Check the ANL website for details of other mass leafletings.
