

Anti Nazi League

**KICK
THE NAZIS
OFF OUR
TERRACES**

The recent murder of a Nottingham Forest fan in Burnley has been followed by the racist murder of an Asian taxi driver in Oldham.

In both areas, thugs inspired by the violent and racist politics of the BNP have been active. These thugs have no interest in making our towns safer places to live, and no interest in the reputation of our football club.

It's time to stand up against the politics of violence and race hatred.

BLACK AND WHITE UNITE!

**Don't let the Nazis ruin
our beautiful game**
